**You are about to purchase a product that is not simple and may be difficult to understand.**

## What is this product?

- **Type:** The product is a Sub-fund of Challenge Funds (the Fund), an open-ended umbrella Unit Trust established by Mediolanum International Funds Limited as a UCITS pursuant to the provisions of the UCITS Regulations and governed by Irish law.
- **Term:** This is an open ended fund with no maturity date.
- **Objectives:**
  - The Sub-Fund's objective is to achieve long term capital growth.
  - The Sub-Fund invests in global equities (listed shares) and equity related securities focusing on the energy sector or related industries, in addition to energy related sub-sectors of the utilities sector such as electric utilities, gas utilities and multi-utilities (whereby a company operates in more than one utility sub-sector), either directly and/or indirectly (by investing in funds and/or derivatives).
  - The Sub-Fund may also invest in equities issued by companies not operating in the energy sector or related industries, including but not limited to non-energy related sub-sectors of the utilities sector such as water utilities.
  - The Sub-Fund may use financial derivative instruments (FDIs) whose performance is linked to that of underlying security(s) or asset class(es). Their use may be for efficient portfolio management, hedging and/or direct investment purposes.
  - The Sub-Fund may enter into securities lending transactions.
  - The Sub-Fund is actively managed (meaning that the Manager has full discretion over the composition of the Sub-Fund's portfolio of assets) and is not managed with reference to any benchmark.
  - The Manager has flexibility to change the Sub-Fund's asset allocation (% of the portfolio invested in equities/FDIs etc) at any time and has discretion to select investments within each asset class.
  - The product is compatible with investors that can bear and/or afford to fully or partially lose the capital invested and are comfortable with no capital guarantee.
  - Income and gains generated by the unit class will be reinvested. No dividend will be paid.
  - Units can be bought or sold on any business day from the Fund's Administrator.
  - Please refer to the Prospectus and Sub-Fund Information Cards, in the sections titled 'Investment Objectives and Policies' for more detailed information.
- **Intended retail investor:** This investment product has been developed for distribution in Europe and intended for retail investors (including those with a basic knowledge of financial instruments) who can accept the risk noted in the Risk Indicator section.

## What are the risks and what could I get in return?

**The risk indicator assumes you keep the product for 10 years.**

- The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.
- We have classified this product as 5 out of 7, which is a medium-high risk class.
- This rates the potential losses from future performance at a medium-high level, and poor market conditions are very unlikely to impact the capacity of the issuer to pay you.
- This product does not include any protection from future market performance so you could lose some or all of your investment.

## Performance Scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product / a suitable benchmark over the last 15 years. Markets could develop very differently in the future.

Recommended holding period: 10 years

Example Investment: € 1,000 per year.

Scenarios

		If you exit after 1 year	If you exit after 5 years	If you exit after 10 years
<b>Minimum</b>	<b>There is no minimum guaranteed return. You could lose some or all of your investment.</b>

<b>Amount invested over time</b>		<b>€ 1,000</b>	<b>€ 5,000</b>	<b>€ 10,000</b>

- The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.
- The stress scenario shows what you might get back in extreme market circumstances.
- The unfavourable scenario at 10 years occurred for an investment in the product/applicable benchmark between November 2010 and November 2020. The moderate scenario at 10 years occurred for an investment in the product/applicable benchmark between June 2008 and June 2018. The favourable scenario at 10 years occurred for an investment in the product/applicable benchmark between April 2009 and April 2019.

## What happens if Mediolanum International Funds Limited is unable to pay out?

The assets of the Fund are held in safekeeping by its depository. In the event of the Manager's insolvency, the Fund's assets in the safekeeping of the Depository will not be affected. However, in the event of the Depository's insolvency, or someone acting on its behalf, the Fund may suffer a financial loss. In such a scenario, there is no investor guarantee scheme and you could lose all of your investment.

## What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

### Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and the performance of the product. The amounts shown here are illustrations based on an example investment amount and different investment periods. We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 1.000 per year is invested.

	If you exit after 1 year	If you exit after 5 years	If you exit after 10 years
<b>Total costs</b>	<b>€ 61</b>	<b>€ 611</b>	<b>€ 1,993</b>
<b>Annual cost impact (*)</b>	<b>6.3 %</b>	<b>4.2 % each year</b>	<b>3.8 % each year</b>

(\*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 2.5% before costs and -1.3% after costs.

### Composition of Costs

One-off costs upon entry or exit		If you exit after 1 year
<b>Entry costs</b>	A maximum of 3% of the amount you pay in when entering this investment. This includes the costs of distribution of your product.	€ 30
<b>Exit costs</b>	We do not charge an exit fee for this product, but the person selling you the product may do so.	€ 0
Ongoing costs taken each year		
<b>Management fees and other administrative or operating costs</b>	2.92% of the value of your investment per year. This is an estimate based on actual costs over the last year.	€ 28
<b>Transaction costs</b>	0.08% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	€ 1
Incidental costs taken under specific conditions		
<b>Performance fees and carried interest</b>	The actual amount will vary depending on how well your investment performs. The aggregated cost estimation above includes the average over the last 5 years.	€ 2

## How long should I hold it and can I take money out early?

**Recommended holding period: 10 years**

The recommended holding period for this Sub-Fund is determined based on the risk of the investment and the characteristics of the contract. The recommended holding period specified above takes into account the investment option featured in the product with the longest holding period. The investor has the right to totally or partially redeem the contract on any valuation day, collecting the redemption value calculated based on the value of the shares of the Sub-Fund on the date the request is received by the Manager, without any redemption fee being applied. We recommend that you hold the investment at least until the end of the recommended holding period in order to fulfil the objectives of this product. This product may not be suitable for investors who plan to redeem their contract before the end of the recommended holding period. The product does not provide any guarantee of return on the expiration of the recommended time horizon, and any redemption before that date may compromise the investment performance. Please refer to the Prospectus for further details.
